• Are there additional reports you wish you had access to? Which ones and why?
  • Would be nice to be able to access who you already have W-9s for so I don't have to bug Amy Damon about it.
  • It would be helpful if we could see the disbursement requests submitted and the status of the request.
  • Like to have current MOU's available online to view.
  • It would be nice to have access to a year's worth of the reports instead of just 6 months.

• Is there anything you would like to see from us to help you better understand or use our disbursement process?
  • How to find where to do it is difficult
  • Examples online
  • I need a review on how it best works for you filing system for files to be named. I forget if it should be "KSU" or "K-State" and are there other situations where I could make your process easier by labeling files to your specifications.
  • Training would be nice.
  • A procedure/policy link that explains the processes and the documentation needed for the various areas listed in the first question.
  • It would be great if there was an online log where you could see the disbursements you've submitted and their status
  • I think it'd be helpful for the Foundation to provide a one sheet of rules so that departments can distribute them

• Unless I'm doing it wrong, the process seems very simple and easy. I love that it is paperless!

• I think the process now is working great. I like it a lot better uploading forms/documents then sending hard copies. I feel like the process is much faster!

• In all, I have no problems with the way payments get processed. I love working with Amy she is always super helpful and puts up with all my questions :)

• Combine the "what, where, whys" on the form. It's easier to write a complete sentence that includes it all. I hope the Foundation will continue to work on the possibility of allowing departments to use a Foundation credit card.

• It seems like KSUF-5 and KSUF-6 are interchangeable in certain situations and I never know for sure if I am using the appropriate one. If it matters which is used, more detail about the distinction between the two would be helpful.

Reimbursement of Meals for KSU Employees

• Determining Business Purpose, per the IRS
• The expense must be “ordinary and necessary”.
• The expense must pass either the “directly-related” or “associated” test.
Reimbursement of Meals for KSU Employees

• Directly-related test requires that you meet the following three conditions:
  • The main purpose was business;
  • You engaged in business and;
  • You had “more than a general expectation of getting income or some other specific business benefit at some future point”.

• The associated test requires you to show:
  • The expense was “associated with the active conduct of your business” and;
  • The meal or entertainment was “directly before or after substantial business discussion.” The expense is considered associated with your business if you can show clear business purpose, such as the creation of new revenue.
Reimbursement of Meals for KSU Employees

• Exceptions to the IRS rules
  • De Minimis meals
    • Coffee, doughnuts and soft drinks provided to employees
    • Occasional meals to allow an employee to work overtime
    • Occasional parties or picnics for employees and their guests
  • Meals on your Business Premises
    • These meals must be located on your premises and “furnished for your convenience.”

• For examples of this topic please see Frequently Asked Question Q11
Spouse/ Partners

• The Foundation cannot reimburse any spouse/partner expenses for travel and/or meals unless the spouse/partner’s presence is necessary at the function and it benefits KSU.

• See Frequently Asked Question Q1 for additional discussion and examples.
Gifts to Non-Employees
Gifts to Non-Employees

• Non-employees of KSU may be given gifts in the form of cash, gift certificates or merchandise as a token of appreciation.

• If the item is a gift that was not in exchange for a donation or services, there is no tax consequence to the recipient.

• Because gifts in excess of $25 are not deductible, it is the general policy of the Foundation that business gifts should not exceed $25. Gifts in excess of $25 should occur rarely, and should have approval of the Dean or the Department Head.

• If a non-employee wins a prize associated with a fundraising event it is considered taxable income by the IRS and is reportable by the recipient.

• See Frequently Asked Questions 6 and 8 for additional explanation and examples.
Payments to Employees
Payments to Employees

• Any additional compensation (awards, prizes, etc.) for KSU employees must be processed by Human Capital Services, included in the employee’s payroll and then submitted for reimbursement by the Foundation. Gift cards given to KSU Personnel will be relayed to KSU Human Capital Services and the amount will be included in the employee’s taxable income.
Payments to Employees – De Minimis Fringe Benefits

• De Minimis Fringe Benefits to employees are allowed by the IRS without taxation
• Must be occasional and infrequent

  • Occasional snacks, coffee, doughnuts, etc.
  • Occasional tickets for theater or sporting events (see ticket purchase section for details)
  • Holiday gifts, other than cash, with a low fair market value.
  • Occasional parties or picnics for employees and their guests
Payments to Employees

- Cash is **never** an excludable benefit and must always be included in taxable income
- Gift cards or certificates that are redeemable for general merchandise or have a cash equivalent value are always taxable
- A certificate for a specific item can be excludable if all of the other rules are met i.e. free appetizer coupon
- See [Frequently Asked Question 7](#) for additional explanation and examples
