Rationale

This Conflict of Interest Policy (“Policy”) of The Kansas State University Foundation (hereinafter the “Foundation”) is to protect the interests of the Foundation when it is contemplating entering into a transaction or arrangement that might benefit the private interest of a member of the Board of Directors of the Foundation (“Board”), an Officer of the Foundation, a member of a Foundation Committee with Board-delegated powers (“Committee”), or any Key Employee as may be designated by the Board.

Applies to

This policy applies to Foundation Board members, Officers, Foundation Committee members or any Foundation Key Employees.

Policy

The Policy will protect the confidentiality of communications made in “**Executive Session**” as defined below. In order to preserve and protect the integrity of the Foundation and its decisions, and to foster an open and trusting relationship between and among members of the Board and the Foundation staff, this Policy requires such members of the Board, Officers, Committee members and the Foundation Key Employees to maintain the highest standard of corporate ethics not only to avoid conflicts of interest in the Foundation’s affairs, but also to avoid even the appearance of impropriety that undisclosed dualities of interest can create. This Policy is intended to supplement but not replace any applicable laws governing conflicts of interest and fiduciary duties applicable to nonprofit and charitable corporations.

Any Interested Person who has a Personal or Private Interest in a measure, contract, resolution, grant, or other transaction presented to the Board or a Committee thereof for deliberation, authorization, approval, or ratification; or any Interested Person who reasonably believes such an interest exists in another person; must make a prompt, full, and frank disclosure of the Personal or Private Interest, either verbally or in writing, to the Board or Committee prior to its acting on such contract or transaction. The Interested Person must disclose the existence of his or her

other Personal or Private Interest and all material facts, known to him or her about the Personal or Private Interest and potential Conflict of Interest.

Enforcement and Violation of the Policy:

- The President and Board shall review and monitor the annual disclosure forms and bring to the attention of the Board or appropriate committee the disclosed Personal or Private Interests.
- If the Board or Committee has reasonable cause to believe that an Interested Person has failed to disclose an actual or possible Personal or Private Interest, has disclosed to a Third-Party a Confidentiality or has engaged in a Prohibited Action, it shall inform the Interested Person of the basis for such belief and afford the Interested Person an opportunity to explain the alleged failure to disclose, alleged breach of Confidentiality or alleged Prohibited Action.
- If, after hearing the response of the Interested Person and making such further investigation as may be warranted in the circumstances, the Board or Committee determines that the Interested Person has in fact failed to disclose an actual or possible Personal or Private Interest, disclosed to a Third-Party a Confidentiality or has engaged in a Prohibited Action, it shall take appropriate disciplinary and corrective action as outlined herein.

Disciplinary and Corrective Action:

- If the Board determines that an Interested Person has failed to disclose an actual or possible Personal or Private Interest, has disclosed to a Third-Party a Confidentiality, or engaged in a Prohibited Action, the Board may do one or more of the following:
 - Counsel the Interested Person regarding his or her obligations under this Policy;
 - Exclude the Interested Person from future discussions and voting on the matter at issue and any related matters;
 - Exclude the Interested Person from participation on specified committees or as an officer of the Foundation.
- If the Board determines that an Interested Person has failed to disclose an actual or possible Personal or Private Interest, disclosed to a Third-Party a Confidentiality, or engaged in a Prohibited Action, and the disciplinary and corrective actions outlined above would be insufficient to protect the best interests of the Foundation or would impair the Interested Person's ability to fulfill his or her responsibilities to the Foundation, then the Interested Person may be removed from his or her position as Director, Principal Officer, committee member, or employee in accordance with the applicable Foundation Bylaws, policies and procedures.

Record Keeping

The minutes of the meetings of the Board and all Committees with board-delegated powers must include:

- The names of the persons who disclosed or otherwise were found to have a Personal or Private Interest in connection with an actual or possible Conflict of Interest, the nature of the Personal or Private Interest, any action taken to determine whether a Conflict of Interest was present, and the Board’s or Committee’s decision as to whether a Conflict of Interest in fact existed; and
- The names of the persons who were present for discussions and votes relating to the transaction or arrangement; the content of the discussions, including any alternatives to the proposed transaction or arrangement; and a record of any votes taken in connection therewith.

Distribution of Policy

This Policy must be distributed to all Interested Persons. Annually the Compliance Officer will distribute to each such Interested Person an annual statement, (provided in Schedule A), the Annual Disclosure Information Form, and applicable parts of the Compliance Questionnaire.
